

EDUCATION

COLLEGE EDUCATION -Sri Eshwar College of engineering	7.6(III-sem)	2024-2028
SCHOOLING-- The Modern Academy Higher Secondary School	89%	2023-2024
SCHOOLING-- The Modern Academy Higher Secondary School	92.4%	2021-2022

INTERNSHIP EXPERIENCES

MERN FULL STACK INTERNSHIP	DEC-2025
Completed a 20-day MERN Full Stack course, gaining skills in React, Node.js, Express, and MongoDB. Built and deployed a grocery E-commerce project with product display, cart use, and full system integration.	

CERTIFICATE : [LINK](#)

SKILLS ACQUIRED:

FRONTEND : HTML , CSS ,JAVASCRIPT , REACTJS

BACKEND : NODE.JS , EXPRESS.JS,REST APIs, MONGO DB,MYSQL

PROJECTS

Student Performance Analysis Application	LINK
Tech Stack :FastAPI (Python) serving calculations, metadata parsing, and NLP-to-SQL translation.	
Developed a full-stack student telemetry and intelligence platform to monitor academic metrics including GPAs, attendance ratios, and exam scores. Implemented a robust natural language Text-to-SQL query console allowing users to write plain-English queries translated into real-time SQLite database transactions. Integrated interactive data visualizations using Recharts and Plotly to map grade distributions, attendance heatmaps, and risk correlation vectors for deeper analytical insights.	
Voice Based Emotion Tracker	
Tech Stack :Flask, Python, HTML/CSS, Chart.js, SQLite	
A Voice Based Emotion Tracker is a system that analyzes a person's speech to identify their emotional state using voice signals. It works by capturing the user's voice through a microphone and processing the audio to extract important features such as pitch, tone, energy, and frequency. These features are then analyzed using machine learning or deep learning algorithms to classify emotions like happy, sad, angry, neutral, or stressed. This technology can be useful in areas such as mental health monitoring, customer service analysis, and human-computer interaction, helping systems understand human feelings through speech.	

ACHIEVEMENTS

Finalist @ Kurukshetra(CEG) Project expo	2026
